

These petitions are being circulated by

**Cooperators United for Mitchell-Lama** (cu4ml),

an organization that was founded by cooperators in Mitchell-Lama coops from around the City. Members of cu4ml are resident shareholders of ML/limited-equity, non-profit coops committed to preserving quality limited-equity housing cooperatives, in perpetuity, both for themselves and for future generations of New Yorkers.

To further this mission, we will:

- Inform and assist shareholders who oppose conversions to market rate (so-called 'privatization')
- Advocate for legislative and regulatory reform that will preserve and strengthen ML cooperatives
- Educate ML residents, government officials, and the general public about the stunning success and many advantages of the ML model for cooperative living.

For more information about how to get involved with and join Cooperators United for Mitchell-Lama, visit our website at:
